

Christmas tree 3D card

Printable for Alphamom.com by Lindsey Boardman

Page 2 of 2 (print one copy of each page)

This is the base of the card and the star for the top of the tree. Page1 contains the tree. (the tree page is available in three different forms. Colour, black and white, or undecorated)

Choose one to print and then colour, cut, score, and glue to make your card.

You have the option to put treats inside your tree before you glue it to the base.

This is for printing on letter sized paper. Another pdf is available for printing on A4 paper.
