

LAUNDRY CHEAT SHEET

- Check tag of clothing for special directions. Some of the icons you might see are:

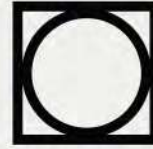

a number tells maximum washing temp
machine wash
maximum temperature 104 F

do not tumble dry

handwash only
handle with care

can be tumble dried

do not wash
be cautious when treating in wet stage

do not iron

- Separate clothes into two piles: light and dark colored items

dark - bright colors, navy, red etc

light- white, pastel, gray etc

- Wash towels and jeans separately from regular clothing

- NEVER wash wool sweaters in washing machine

- Check pockets before washing

- Treat any stains with stain remover before washing

- Place clothes in washer, add laundry detergent and choose water temperature

cold water for dark and bright colored items

hot/warm water for light colored fabrics and items like towels,
underwear and socks that might carry bacteria

- Dry clothes. Hang clothes that might shrink to dry (like 100 % cotton fabric)
Make sure towels are fully dry.

- Removing clothes immediately from dryer and hanging or folding immediately will reduce the need for ironing.
